

IODE Canada *EXPRESS NEWS*

Promoting IODE membership with custom lapel pins and static cling decals are now available for purchase

Using our tradition red and blue colours the IODE logo is printed on premium white vinyl and looks great on any window. These decals are made of flexible vinyl that will stick to clean glass surfaces, metal and other smooth, non-porous surfaces. Both the printed side and reverse side will cling to glass, allowing you to apply your designs inside or outside your car window. The logo static cling decal is 4.5" x 5.25", includes the IODE tagline and website.

Our custom-crafted IODE logo lapel pins are a great example of a small item that can have a big impact. The embossed lapel pin is ½ inch square, with the colorized IODE logo on a gold metal finish, complete with a butterfly clutch fastener. The IODE lapel pin is a personal element to display your IODE affiliation – on jackets and coats.

These inexpensive items will be something all IODE members will want to use to start the conversation and to answer "What does IODE stand for" question.
