DOCTORAL SCHOLARSHIP

2021 - 2022 IODE War Memorial Scholarship

The National Chapter of Canada IODE initiated War Memorial Doctoral Scholarships in 1918 to commemorate Canadians who sacrificed their lives for peace and freedom. Initially, bursaries were granted to children of men and women who lost their lives or who were permanently disabled while fighting for Canada.

Since the first scholarships were awarded in 1921, IODE War Memorial Scholars have made important contributions to Canada and the world in medicine, science, business, politics and academia.

Today, applicants are judged on academic excellence, potential and volunteerism. Candidates must be Canadian citizens and in at least their second year of a doctoral program at a Canadian or Commonwealth university.

Three scholarships of \$15,000 for study in Canada or for study within the Commonwealth will be awarded for the 2021-2022 academic year. A maximum of three scholarships will be offered.

Founded in 1900, IODE Canada is a national women's charitable organization dedicated to enhancing the quality of life for individuals through education support, community service and citizenship programs.

Application Process 2021 - 2022

Biographies of past winners of IODE War Memorial Scholarships are posted on our website at www.IODE.ca
