**IODE 100<sup>th</sup> Anniversary Grant Program for 2025**  
**Call for Applications**  
**Value \$50,000**

In 2000, IODE Canada’s 100th Anniversary gift to Canada was an ongoing grant program open to an individual or group specializing in developing and implementing ways to prevent child abuse and neglect. In this 25<sup>th</sup> Anniversary year of the grant, the value has been raised to \$50,000 to honour IODE’s longstanding commitment to Canada’s children. IODE members and chapters can support the program by identifying suitable organizations in their communities and encouraging them to apply. On the IODE website members or those in the community can read about all of the past winning programs.

The Grant will support programs that develop a new idea, test a new approach, replicate, adapt or scale an existing evidence based proven model involving youth and children (ages 0 - 25). The best new programs come from the ground up. Once the program and evaluation are completed the winner must present results at an appropriate professional conference. Sharing what they found to be best practices and an opportunity for the sharing of meaningful evaluation data that advances the field to providers near and far.

The 2025 Application Brochure including all information necessary for a successful application is available on [www.IODE.ca](http://www.IODE.ca).
